Abstract goes here. An abstract of no more than 400 words must be included at the beginning of the manuscript. It should be a summary and complete in itself (no references to the main body of the manuscript). The abstract should indicate the subjects dealt within the full text and should state the objectives of the investigation. Newly-observed facts and conclusions of the experiment or argument discussed in the full text must be stated in this summary. Readers should not have to read the full text to understand the abstract. The abstract can be an updated version of the one submitted at the call-for-abstracts but its contents must not differ substantially from the later.

1. Introduction

This is the \LaTeX manuscript preparation template for the IAA conference.

It must contain the paper title, the author names, their corresponding affiliation, postal and e-mail addresses. The paper or extended abstract shall be prepared using the following format:
